## Index Issue — January - June 1996

With this issue, Lawyers Weekly continues its practice of publishing a semi-annual index to the cases that have appeared in the paper.

The index is divided into two parts:

• **Case Name Index.** This index lists all court and agency decisions which were digested in Lawyers Weekly during the first six months of 1996. The cases are indexed alphabetically under the court or agency which issued the ruling.

• **Case Subject Index.** This index also lists all decisions which were summarized in Lawyers Weekly during the first six months of 1996. However, here the cases are listed by specific subject matter under more general subject categories.

Both parts of the semi-annual index contain references to the date of the issue in which the case or story appeared and cumulative page on which the item appeared.

Space considerations make it impossible to

include in this index all information contained in Lawyers Weekly during the last six months. Therefore, it is hoped that readers will continue to consult the paper each week in order to remain fully informed.

Readers should also be aware that the easiest way to search Massachusetts Lawyers Weekly is by subscribing to Lawyers Weekly Online. For further information, call (617) 451-7300, Ext. 208.

## Case Name Index

## What Is A 'Lawyers Weekly No.?'

The Lawyers Weekly No. is a seven-digit number which our editors assign to each case we receive from courts and agencies.

• The first two digits of the Lawyers Weekly No. correspond to the court or agency which issued the decision. (For example, a Lawyers Weekly No. beginning "01" is from the U.S. Court of Appeals.)

• The middle three digits relate to the number of cases received from that court or agency in the relevant calendar year. (For example, a Lawyers Weekly No. beginning with the digits "01-372" refers to the 372nd case received that year from the U.S. Court of Appeals.)

• The last two digits are the year in which the case was issued. Most of the cases in this index have a Lawyers Weekly No. ending with the number "96."

What Is A 'Lawyers Weekly No.'?

The Lawyers Weekly No. is a seven-digit number which our editors assign to each case we receive from courts and agencies.

• The first two digits of the Lawyers Weekly No. correspond to the court or agency which issued the decision. (For example, a Lawyers Weekly No. beginning "01" is from the U.S. Court of Appeals.)

• The middle three digits relate to the number of cases received from that court or agency in the relevant calendar year. (For example, a Lawyers Weekly No. beginning with the digits "01-372" refers to the 372nd case received that year from the U.S. Court of Appeals.)

• The last two digits are the year in which the case was issued. Most of the cases in this index have a Lawyers Weekly No. ending with the number "96."

## What Is A 'Lawyers Weekly No.'?

The Lawyers Weekly No. is a seven-digit number which our editors assign to each case we receive from courts and agencies.

• The first two digits of the Lawyers Weekly No. correspond to the court or agency which issued the decision. (For example, a Lawyers Weekly No. beginning "01" is from the U.S. Court of Appeals.)

• The middle three digits relate to the number of cases received from that court or agency in the relevant calendar year. (For example, a Lawyers Weekly No. beginning with the digits "01-372" refers to the 372nd case received that year from the U.S. Court of Appeals.)

• The last two digits are the year in which the case was issued. Most of the cases in this index have a Lawyers Weekly No. ending with the number "96."

## What Is A 'Lawyers Weekly No.'?

The Lawyers Weekly No. is a seven-digit number which our editors assign to each case we receive from courts and agencies.

• The first two digits of the Lawyers Weekly No. correspond to the court or agency which issued the decision. (For example, a Lawyers Weekly No. beginning "01" is from the U.S. Court of Appeals.)

• The middle three digits relate to the number of cases received from that court or agency in the relevant calendar year. (For example, a Lawyers Weekly No. beginning with the digits "01-372" refers to the 372nd case received that year from the U.S. Court of Appeals.)

• The last two digits are the year in which the case was issued. Most of the cases in this index have a Lawyers Weekly No. ending with the number "96."

## What Is A 'Lawyers Weekly No.?'

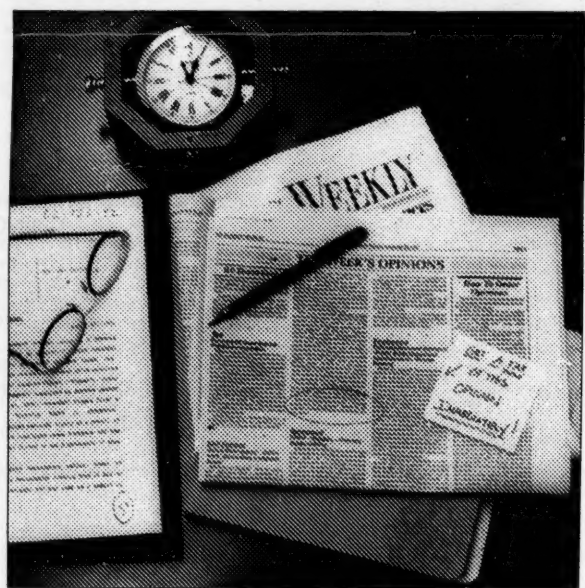

The Lawyers Weekly No. is a seven-digit number which our editors assign to each case we receive from courts and agencies.

• The first two digits of the Lawyers Weekly No. correspond to the court or agency which issued the decision. (For example, a Lawyers Weekly No. beginning "01" is from the U.S. Court of Appeals.)

• The middle three digits relate to the number of cases received from that court or agency in the relevant calendar year. (For example, a Lawyers Weekly No. beginning with the digits "01-372" refers to the 372nd case received that year from the U.S. Court of Appeals.)

• The last two digits are the year in which the case was issued. Most of the cases in this index have a Lawyers Weekly No. ending with the number "96."
